I grad-
Mrs. Jeanne
the late Sylvan

of Bay St. Louis
years as secre-

Sylvan III, 5 and
years old.

In 1948 I was elected to the
office of Commissioner of Bay
St. Louis with a majority of the
votes cast, over five opponents,
in the first primary. In 1953 I
was reelected to the same office
over three opponents in the first
primary.

I am entering this race with
the knowledge of the duties and
responsibility of a good Sheriff
and Tax Collector. I believe my
experience as City Commissioner
for the past 6 years qualifies me
for this office. There is a
great deal of similarity between
the two positions. As commis-
sioner of Finance I am respon-
sible for all Tax Collections, Gas
Collections, Water Rent Collec-
tions and Miscellaneous Collec-
tions of the City of Bay St. Louis.
During the year January 1st,
1954 to December 31st, 1954, my
office handled approximately
\$450,000.00, with every penny
accounted for.

I am very much interested in
the welfare of Our County and its
Citizens. I pledge myself
that the people of Hancock
County shall have fair and im-
partial law enforcement, and it
is my endeavor to make Han-
cock County a better and more
pleasant place in which to live
and encourage people and indus-
tries to locate in our County.

I am one Candidate for Sheriff
and Tax Collector, who is free
and uncontrolled by any group
or syndicate and will run this
office without fear or favorit-
ism.

I think the people know the

attitude I have taken against
corrupt politics in the past.
I urge an investigation of my
record and refer to anyone who
has had dealings with the City
or my office to give you facts as
to how I have performed and
discharged the duties of my of-
fice for the past 6 years.

If I am elected to the office
of Sheriff and Tax Collector, I
pledge myself to the following:
(1) Institute system of making
and sending out annual tax
statements to Tax-Payers in
order to offer promptness and
efficiency in Collection of
Taxes.
(2) Have a paid night Jailor on
duty.
(3) Have an ample number of
Deputies.

(4) Guarantee that there will
not be any speedtraps operat-
ing on our Public Highways.
(5) Guarantee RACKETS AND
SKIN GAMES will not operate
in Hancock County.

I will do my best and at all
times, keeping in mind that I
am representing all of the peo-
ple and that the office of Sher-
iff and Tax Collector is a trust
to be conducted efficiently and
honestly, and I am appealing to
each and every voter of Han-
cock County for his and her
vote and support on my record
I have made as a Public Offi-
cial.

Breland-Less Bay High Boys Lose In District

Playing without the services
of Billy Breland, the boy who
wrecks a zone defense, the Bay
High Tigers dropped their first
game in the Class A-AA District
Tournament.

Lucedale, a big brother mem-
ber of the De Soto conference
was the team that cut the Tig-
ers' tournament hopes short
with a 12-32 victory.

The girls, despite the 37 points
of Rosemary Millinery, dropped
a 55-15 decision to Lumberton,
a team they had defeated once
during the regular season.

Donald Cole was the only boy
making any large amount of
points for the Tigers. He fin-
ished with a total of 19 points.

Breland was taken to the hos-
pital the night before the game.
He was one of the main cogs
of the Tiger defense. Breland
was a set shot artist and hit
very consistently with a one-
handed push shot from the cor-
ners.

Coach Donald Caldwell stated
that Lucedale played a tight
zone and without Breland hitting
from the outside we got beat.
"The boys couldn't drive down
the middle and Cole was the
only one hitting from the out-
side," he said.

He continued, "Breland was
best against a zone defense, be-
cause he could set and shoot.
His absence made the difference
in the game."

Bay High had previously won
the sub-district tournament held
in its gym two weeks ago. Pic-
ayune was the runnerup in
elimination tourney.

The Tigers also won their own
Invitational Tournament earlier
in the season.

Both squads were defeated in
the semi-finals of the De Soto
Conference Tournament, recent-
ly.

Theo Tudury, Jr., Local Coach Guides Team To District Win

Coach T. A. Tudury, a native
of Bay St. Louis, and head men-
tor at Hickory High School, won
the Class B District Five Tour-
nament with his girls' team.

Many people say that the proof
of a basketball coach is in his
players.

Well, Coach Tudury has been
very successful this year if that
statement is correct.

One girl on his team, Shirley
Williams, is astounding. She is
the highest point maker of the
entire district.
In the last six games Shirley
has scored 229 points 38 point
game average. For the season
thus far, she has participated
in 33 games and has hit the
nets for a total of 1100 points.
Those figures bring her season

total to over 40 points a game
average. She scored 63 points
in the final game of the district.
Tudury's team has won 29
games while dropping five.

In taking the District Tourney
it took revenge for one of its
defeats by winning over Stratton
in the finals.

This weekend the Hickory sex-
tette plays in the South Missis-
sippi tournament in Ellisville at
the Junior College gym.

One win in the tourney will
put Tudury's squad in the State
Tournament.

Tudury is a graduate of St.
Stanislaus. Last year he was
head coach at St. Martins. His
former players defeated his
team this year in the finals of
the Van Cleave tournament.

Checking on the water here-
about the only good water was
found up Jordan River. It is
clearing fast and should be
much better by the end of the
week.

Sam Meyers said he has been
catching some perch lately. He
has his pet spots!

Kiln won the District Eight
Tourney last week and will play
in the South Mississippi playoffs
this weekend. One victory in
this tourney will place them in
line for a chance at the State
championship.

Noony Tudury, a local boy,

coaching at Hickory, Miss., is
having a successful year in his
new position. His girl's basket-
ball team has won 29 and lost
only five games. It plays for
the South Mississippi Title this
weekend.

The boxing card at Bay High
gym last Friday for the March
of Dimes drew a large crowd.
Ralph Dupas refereed one bout.
Congratulations to all who help-
ed promote the fights. Should
have of them!

Emmett Garriga, formerly of
the Kiln, was over from Dallas,
Texas, enjoying a round of golf
with friends at Pass Christian
Isles Course, Saturday. He said
his game was slightly off, but
he had a good time.

A foursome at golf over the
weekend were C. C. McDonald,
Sr., C. C. McDonald, Jr., Shel-
by Tucker and W. J. Phillips.
They had a hot match with good
scores.

Luke Elliott and Joe Kern
caught some nice green trout
Sunday morning up Jordan River.
Luke said the water was
fairly good but they had to go
to trolling. Joe caught a 2½
pounder on a plug.

City Echoes

—Mrs. Mary diBenedetto Benjamin left this past week for New York City, where she will meet her husband, Captain Harry Benjamin, just returning from Korea. —Mr. and Mrs. C. D. Blair revealed last week they have purchased a home on Union Street and will return to this city for weekends. The Blairs moved to New Orleans several months ago, after selling their home in Waveland.

Mrs. Blair says part of the home—an apartment—will be occupied permanently by her mother, Mrs. John Barreto, and an aunt and a cousin, Mesdames Julia Kemp and Agnes McClure.

Another bit of news from the Blair family is that Clay Blair who has already had two books on the stands this year, will have another published about April. This time he'll enter the fiction field with an account of the adventures of a group of fliers forced down behind the iron curtain.

—Among the freshmen members of Alpha Tau Omega fraternity at Mississippi Southern is Don Crasto, who was initiated into the social group last Wednesday.

Miss Inez Moran was home for the weekend from Perkins J. College.

Mrs. McKay has returned to her home in Kiln after being hospitalized in New Orleans for quite a while.

—Second Lieutenant Freddie A. D. Altaya, whose mother lives on Route Three, Picaune, was recently graduated from the Infantry school's airborne course at Fort Benning, Ga. The course, requiring five parachute jumps, is designed to train officers and enlisted men to be qualified parachutists.

COASTING

By ANNE ORLEANS

They are only fifteen years old and this was their first visit to New Orleans during the Mardi Gras Season. From the snow and cold in Sheboygan, Wis., came Martha Reiss, granddaughter of Mr. and Mrs. Ed Carpio, and her little friend Charles Inig, and their mothers, Mrs. William A. Reiss, Jr., and Mrs. Charles S. Inig. They roamed through the French Quarter, had lunch and had their picture taken in one of the patios and saw the brilliant night parades. But the high light of their visit was the Ball of the Krewe of Mystery. They were called out and received many pretty favors. They went to the supper afterwards and did not get home until four-thirty next morning. Back to Sheboygan and school and wonderful tales to tell for sometime to come.

Guests of Mr. and Mrs. Walter Gex for Mystery Ball were Mr. and Mrs. Guy Bilups, Sr.,

and Dr. and Mrs. H. A. Edredge. They were also guests at the supper at the St. Charles Hotel.

Lucy and Paul Gaudet went to the Ball of the Eves of O'Connell. Beautiful Marietta Moyer, Lucy's niece, was Queen. They also attended the Queen's supper at the home of the Moyers on State Street.

Attending the lovely Ball of Proteus and the after the ball supper were Mr. and Mrs. Leo W. Seal whose guests were Mr. and Mrs. T. T. Roubin, Dr. and Mrs. A. P. Smith, Mr. and Mrs. Sam Whitfield and Mr. and Mrs. Richard Shadoin. Virginia Seal, now Mrs. Leo F. Wagner, Jr., of New Orleans, was one of the Maids in the Ball of Proteus last year. Mrs. Shadoin looked particularly lovely on Monday night when she wore the dress that she had worn when she was queen of the Bay St. Louis Carnival.

Mr. and Mrs. Harold Weston's guests for the Ball of Proteus and supper, were Mr. and Mrs. John McDonald and Dr. and Mrs. B. L. Ramsey.

Last Sunday, there was a lovely christening ceremony at Christ Episcopal Church in Bay St. Louis. Mr. and Mrs. J. V. Burkes, Jr., of New Orleans, brought their little daughter, Kathleen Virginia, over to the Coast to be christened. Mrs. E. E. Allgeyer, the baby's grandmother, was also her godmother and J. V. Burkes, III, Kathleen Virginia's oldest brother, was her godfather. The whole family attended the ceremony, aunts and uncles and lots of little cousins.

Mr. and Mrs. Leonard King very busy last week end trying to have the work completed on their drive way that goes all the way from the Beach to Hoffman Lane. One of these days, Mrs. King is planning to plant day lilies on both sides of the driveway. That will be a beautiful sight when the lilies are all in bloom. Mr. and Mrs. King are leaving this week for a combination business and pleasure trip that will take them to both New York and Boston.

Elaine Florere had a wonderful time. She flew down from Oregon to be in New Orleans

for the Carnival season. When she stopped at Dallas to change planes for New Orleans, although it was before daylight, Margaret and Ernest Clifton, her sister and brother-in-law, and their baby, Miggy, were there to greet her. She attended Atlanteans, Comus and several other balls. She was one of the guests of honor at a lovely cocktail party given by Mrs. Amy Hewes Flowerce. She visited with Nancy and Andrew Gay at St. Johns Plantation and with her father and mother, Dr. and Mrs. John F. Dick, at Pine Shadows in Waveland. She also visited with her sister, Lynn Thomas. On Carnival Day, she joined the Boudier and had a marvelous time. By the way, the family stopped at that new motel on Tulane Avenue and say that the service was marvelous. Elaine is leaving today and will visit with the Cliftons before returning to Oregon.

Joyce and Torrey Gomilla took time out from Carnival activities in New Orleans and visited with friends in Waveland and Slidell last Saturday.

Anne Haskell, the prettiest girl of Mr. and Mrs. Edna and Lollinger, certainly enjoyed her first Carnival. She went to the balls of Mithras, Elves of Oberon, Comus and Comus. Mrs. Rich and Roth gave a tea in her honor and Mrs. Emile Linaux gave a luncheon for her at Antoine's. She attended a performance of The Seven Year Itch. Carnival Day was a whirl and now she is back at the Lollingers, trying to rest up.

Katherine Hacker, of Pensacola, visiting with Dean and Mrs. James Robert on her way to New Orleans to visit with Mrs. James Erwin for the finale of Carnival Season.

Mr. and Mrs. V. A. Leveau spending a quiet week end at their home on the Beach.

Gladys and Peter Monrose visited for Carnival with Mary Margaret and Peter Jr., and their two cute little granddaughters, Renee and Peggy.

Major David Aiken, USAF, of Sampson Base in New York, has been visiting with his parents, Mr. and Mrs. Gayle Aiken at their apartment in New Orleans and their home in Waveland.

Other recent visitors at the Aiken home were Dr. and Mrs. Frank Howard Richardson of

Black Mountain, N. C., where the Aikens visited this past Summer. The Richardsons went from New Orleans to California.

Occupying their cottage for a brief visit this past week end were Mr. and Mrs. John Hebert and Mrs. Hebert, Sr.

Mr. and Mrs. Hayden Wetzel and small-sized Butch, of Evansville, Indiana, taking a two week vacation on the Gulf Coast from Biloxi to Waveland and side trips to New Orleans to get acquainted with the city and see the parades right through Mardi Gras Day. When they left Indiana, the temperature was four above zero so you know how wonderful it is for Butch to play outdoors all day and for Mr. and Mrs. Wetzel to be able to walk around the French Quarter and have lunch in the Patios. They had not realized how much we live outdoors. In Waveland, they are occupying the cottage of their friends, Dr. and Mrs. Urban Stork.

Mr. and Mrs. Ken Buddendorff ran away from Carnival activities and came over on Sunday to relax at their pretty cottage on Sears Avenue.

Mr. and Mrs. Tony Spence got back from their Caribbean trip just in time to go in to New Orleans for the Ball of the Krewe of Mystery. Their trip was really wonderful. They were on the CHEROKEE a United Fruit ship. Food very good. They could not decide which was bluer, the serene sky or the waters of the Caribbean. In Havana they took time to drive through the residential section of the city to see the beautiful Spanish type homes. They drove around the country, Bouganville in every color was blooming. They went from Puerto Barrios to Guatemala by train. That was a sight to see; plants, bushes and trees blooming and orchids hanging from trees as moss does here. After a most interesting stay in Guatemala City they flew back to the ship because a landslide on one of the mountain sides had blocked the railroad.

Among those from Waveland who attended the Carnival parades in New Orleans Sunday were Mr. and Mrs. C. J. Piazza, Mr. Sidney Bourgeois and daughter Edna, Misses Cecile

Force Hospital. Mrs. Cobb is the former Miss Audrey Bourgeois, daughter of Mr. and Mrs. Ducre Bourgeois.

Mr. and Mrs. Robert Freeman and daughter, Sandra visited Mr. Freeman's mother at Touros Infirmary where she is a patient, on Sunday.

Mrs. Stanley Wiedman and children Stanley, Jr., and Deborah spent Friday and Saturday in New Orleans as guests of Mrs. Jomg Schmidt.

and Evelyn Turcotte, Mickey McGill, Mr. and Mrs. Frank Higgins and children and Mr. Jimmy Parks.

14,000,000 Reasons— that's a lot!

That's almost as many V-8 engines as Ford has built over the past 23 years. And it's more V-8's than all other manufacturers combined have ever built!

As the tempo of the American traffic stream has been stepped up and automotive design has advanced, more and more manufacturers have joined the swing to V-8 engines—the swing that Ford started way back in 1932.

Over the years, the Ford V-8 has been consistently advanced to keep pace with the ever advancing need of owners for more efficient and more responsive power.

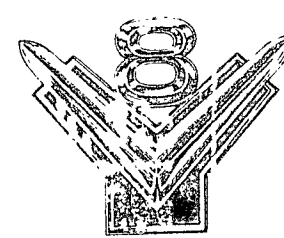

Now, in 1955, Ford offers two mighty V-8 engines that are the outgrowth and peak achievement of the world's greatest reservoir of V-8 experience... which is Ford's!

Both of Ford's great V-8's for '55 give you Trigger-Torque power, which means that you get the power you need, when you need it, at all driving speeds. What's more, these Ford engines are ultra-responsive. You can get the "Go" you want in as little as 7/100 of a second.

Naturally, this split-second responsiveness you get from Ford V-8's makes all driving more fun. And it's mighty important to safety, too. For, as you know, the ability to get out of a tight spot quickly is a safety-must in today's traffic.

We invite you to Test Drive a Ford V-8 and see how much the extra responsiveness of Trigger-Torque power can mean to you. When you do, you'll want to own a Ford V-8... the only engine in its field that's backed up by the road-proof of over 14,000,000 owners.

The mightiest V-8's ever in Ford Cars

162-h.p. V-block V-8

This mighty Ford V-8 is packed with thrilling power—ready to obey your commands in a split second. It supplies the power you need for top performance throughout the entire driving range of your car.

182-h.p. V-block Special V-8

This mightier engine is available with Fordomatic Drive in Fairlane and Station Wagon models. If you want the ultimate in responsive power, this is the engine for you!

and that's why Ford's the V-8 leader

Thanks To All

To everyone who aided in the Mardi Gras celebrations, the people of this area owe a great vote of thanks.
We all know, of course, that our Mardi Gras is peculiar to this area and that no other section of the United States can match this unique celebration.
Every one enjoys Mardi Gras.
But the hard work is done by a few, and these few merit our sincere appreciation.

More About The Hospital

In last week's editorial about our raging hospital controversy some people may have been given the wrong impression about our phrase which said we'll have to pay "the incidental expenses such as the cut paid to the county clerk and the county attorney."
We were not, of course, referring to any illegal or unethical payments. We were referring to the fees which by law can be paid when bond issues are floated.
Bond issues are expensive things. You don't just run off a bunch of bonds on a mimeograph machine and then sell them. There are many legal steps to be taken, and each man or firm must be paid. Then you must also pay your interest on the bonds.
That's why we are at a loss to see why anyone can favor floating a big bond issue for a hospital when it can be built, with federal aid, without nearly so great a cost to the county.
The only legitimate objection to a Hillburton hospital appears to be fear about its upkeep after it is built. But do you think you will keep up a county hospital for free?
You certainly won't.
As a matter of fact, it might even cost you more to operate in the long run. This will be especially true if charity cases are not limited to truly needy persons.
Right now one member of the state hospital trustees refuses to sign the charity applications here because he says he feels that some persons are getting charity treatment when they are not entitled to it.
The federal money we have been offered is OUR money. Remember that. You paid it in taxes to Uncle Sam. Congress decided some of your money should go toward hospital construction. The question is whether YOUR money is used to build a hospital for you, or whether you would prefer to spend YOUR federal money to build someone a hospital in North Mississippi or Kansas or Nevada.
Twice Hancock County has missed the boat when it was eligible for federal money to build a hospital. A third such time is approaching.
No hospital makes a profit. And no hospital is a hospital without adequate facilities. So an adequate county hospital will lose just as much money (and maybe more) than an adequate Hillburton hospital.
The current drive for a hospital was started by the American Legion here in good faith. Now the matter has become a football. The time is coming for the people to rise and demand that they get what they deserve.

For sheer fun out on the road, Chevrolet's stealing the thunder from the high-priced cars!

Up to this year, maybe there were reasons for wanting one of the higher-priced cars. If you demanded something really special in the way of driving fun, you simply had to pay a premium to get it.
Not any more! The Motoramic Chevrolet has changed all that. Who could wish for more excitement than the new 162-h.p. "Turbo-Fire V8" delivers? (For those who do, 180-h.p. is optional at extra cost in all V8 models.) Chevrolet also offers the two highest powered sixes in its field.

RECIPE OF THE WEEK
By Mary Lee Taylor

Spicy Applesauce Cake

1 package spice cake mix (see note)
1/2 cup Pet Evaporated Milk

Grease well, then dust with flour a 9-inch square pan. Put cake mix into a 2-quart bowl. Add half of a mixture of milk and applesauce. Beat hard 1 minute with spoon or electric beater at medium speed. Stir in rest of milk mixture and beat hard 2 minutes. Pour into prepared pan. Bake on rack slightly below center in 350 oven (moderate) about 35 minutes, or until cake pulls from sides of pan. Remove from oven. Cool in pan before cutting. Serve plain or spoon more applesauce over cake, if desired. Makes 4 servings.

NOTE: Use a well-known brand that calls for milk on the package, and weighs just 1 lb. 1 oz., or 17 oz.
